FLASCA WEEKLY NEWSLETTER

Term 4, Week 2: 19th – 23rd of October

Hi Families, this week children had fun trying out new creative projects and science experiments. It's great to watch how excited the kids get learning how to do something new. They really are an enthusiastic and inquisitive bunch! The highlights this week were fairy castles, cricket and STEM Club's Walking Rainbow Experiment. We also celebrated National Water Week and National Bird Week this week! We find that keeping track of these dates helps us build a diverse, stimulating and fun program that also keeps children connected to their world. See bird masks to the right!

PROGRAM

Monday: We kicked off the week with painting, colouring and LEGO. Outside, base building sparked creativity and teamwork, while basketball kept everyone moving and developing their coordination. **Tuesday:** Our incredible bird masks celebrated National Bird Week, while Hama bead creations encouraged patience and concentration. Outside, yoga offered a chance to stretch and unwind and STEM Club's Walking Rainbow Experiment sparked curiosity as children explored how water and colours can travel and mix. **Wednesday:** Our costume collection inspired imaginative dress-ups, storytelling and shared adventures. Other children made beautiful fairy castles. Outside, Children's Council gave everyone a chance to share ideas and practise listening, while others played a Rainbow Parachute Scramble. **Thursday:** The Reading Corner offered a cosy space to enjoy books and recharge, while others worked on a LEGO Bird House Challenge. Outside, the FLASCA World Cup and basketball games gave children opportunities to build their sporting skills, encourage their teammates and practise fair play. **Friday:** We finished the week with Flying Bird Glider Origami, Foosball brought some friendly competition, while Cooking Club made Mini Mixed Berry Cheesecakes, building confidence with measuring and following instructions. Stop Motion Club captured the school-time buzz in a Back 2 School Vlog, combining storytelling, teamwork and digital creativity!
