

FLASCA WEEKLY NEWSLETTER

Term 3, Week 3: 3rd of August – 7th of August

Hi Families,

In week 3, FLASCA had lots of fun and engaging activities for kids to participate in. We try to organise a range of activities based on children's feedback and to cater to the range of personalities and interests at FLASCA. The kids love to make the program their own with their powerful imaginations! FLASCA is an important place for children to practice collaboration and sharing. It's so special to watch friendships overcome hurdles as children develop their conflict resolution skills with the help of our dedicated educators.
