

FLASCA WEEKLY NEWSLETTER

Term 3, Week 5: 17th of August – 21st of August

Hi Families, some of our new activities have become instant hits including loom bands, gardening club and sandcastle building comps. It's great seeing kids enthusiastic and requesting to do these activities day after day. We are also seeing wonderful new levels of engagement and independent imaginative play from our new room design. Kids are loving playing dress up, reading quietly on the couch, and it seems like everyday there is a new café opening in our play kitchen- the small business game is tough!

PROGRAM

Monday: We made homemade snow fluff, got creative with dress-ups and opening the FLASCA Café for some imaginative café fun-- encouraging sensory exploration, creativity, communication and imaginative play, while building confidence through role-play. **Tuesday:** Children did loom bands, a find-a-word challenge and a soccer shootout. Our STEM Club got hands-on (and messy - sorry!) with magnetic slime! These activities support fine motor skills, concentration, problem-solving and scientific curiosity. **Wednesday :** We did a World Peace Day dove craft, held our Children's Council meeting, got active with Pac-Man, and put our engineering skills to the test with base building. **Thursday:** Children made their own DIY comic books, while Stop Motion Club explores "Life at FLASCA." We had a sandcastle competition and basketball relay races. **Friday:** Gardening Club painted garden rocks, alongside musical statues and Sliding Doors. To finish the week, Cooking Club made delicious cornflake and chocolate chip cookies!
