

FLASCA WEEKLY NEWSLETTER

Term 3, Week 6: 24th of August – 28th of August

Hi Families, this week at FLASCA we had lots of fun connecting with our friends through our favourite activities like our tabletop games, dress up, loom bands and harma beads. It's great seeing connections strengthen as we make our way through the school year. We are also loving our Sports Bootcamp; it's week 2 of having our visiting trainer in practicing sports drills with the kids. Lots of our sporty kids are getting involved! We can't wait to see what the next craze at FLASCA will be!

PROGRAM

Monday: we made slime, worked together during an educator vs. children soccer match, and showed creativity and teamwork in our sandcastle competition. Tuesday: children enjoyed a quieter afternoon out of the rain by watching Shaun the Sheep Movie, colouring in, making loom band bracelets and playing Uno under the cola. Wednesday: saw children take part in an exciting Boot Camp where they built confidence, coordination and soccer skills with a visiting trainer, while others enjoyed yoga, loom bands and had the opportunity to share their ideas and feedback during our Children's Council Meeting. Thursday: children explored simple science concepts in STEM Club, strengthened their problem-solving skills during a Lego lake-building challenge, designed recycled robot creations and practised their coordination with a bean bag toss. Friday, children used their fine motor skills to create colourful pipe cleaner dragonflies, developed independence and teamwork while making their own pizzas in Cooking Club, and finished the week with another fun-filled sandcastle competition.
