FLASCA WEEKLY NEWSLETTER

Term 3, Week 9: 14th – 19th of September

Hi Families, we're nearing the end of term and FLASCA staff are getting ready for an incredible Spring Vacation Care! Our favourite activities this week have been dodgeball, loom bands and basketball. We played lots of fun games, using our imaginations to turn the sandpit into a science lab, the room into a pizza shop, and our friends into "silly computers." We always love seeing how the kids make the activities their own and infuse FLASCA with their whimsy, creativity and ingenuity. There's never a dull moment at FLASCA and we wouldn't want it any other way!

PROGRAM

Monday: We started the week making colourful Hama Bead creations, supporting creativity and fine motor skills. Outside, children worked together to see who could build the tallest sandcastle. **Tuesday:** Our LEGO Challenge had children designing and building skyscrapers, encouraging problem-solving and imagination. We also made paper chain snakes and Rainbow Sensory Bottles, while outside children enjoyed teamwork and active play during Capture the Flag. **Wednesday:** Children developed their coordination and gross motor skills through soccer drills at Sports Bootcamp and Gymnastics. Inside, we created loom band animals and shared ideas and feedback at our Children's Council Meeting. **Thursday**: STEM Club experimented with straw rockets, exploring simple science concepts through hands-on learning. Outside, children practiced teamwork, resilience and physical skills playing their new favourite game, Dodgeball! **Friday:** Stop-Motion Club got creative documenting "LEGO Life," while others made DIY suncatchers. Cooking Club prepared delicious chocolate-covered strawberries, and we finished the week outside practising our soccer skills with penalty shootouts.
